typicals and
tailor-made
product
solutions for
any space

Create

Share article
lists, CAD-
models and
images for both
internal and
external use

Communicate

Real-time Configuration.

Our furniture has thousands of configuration options, why not show them all? You can now configure articles to your customer's particular needs in just a few seconds.

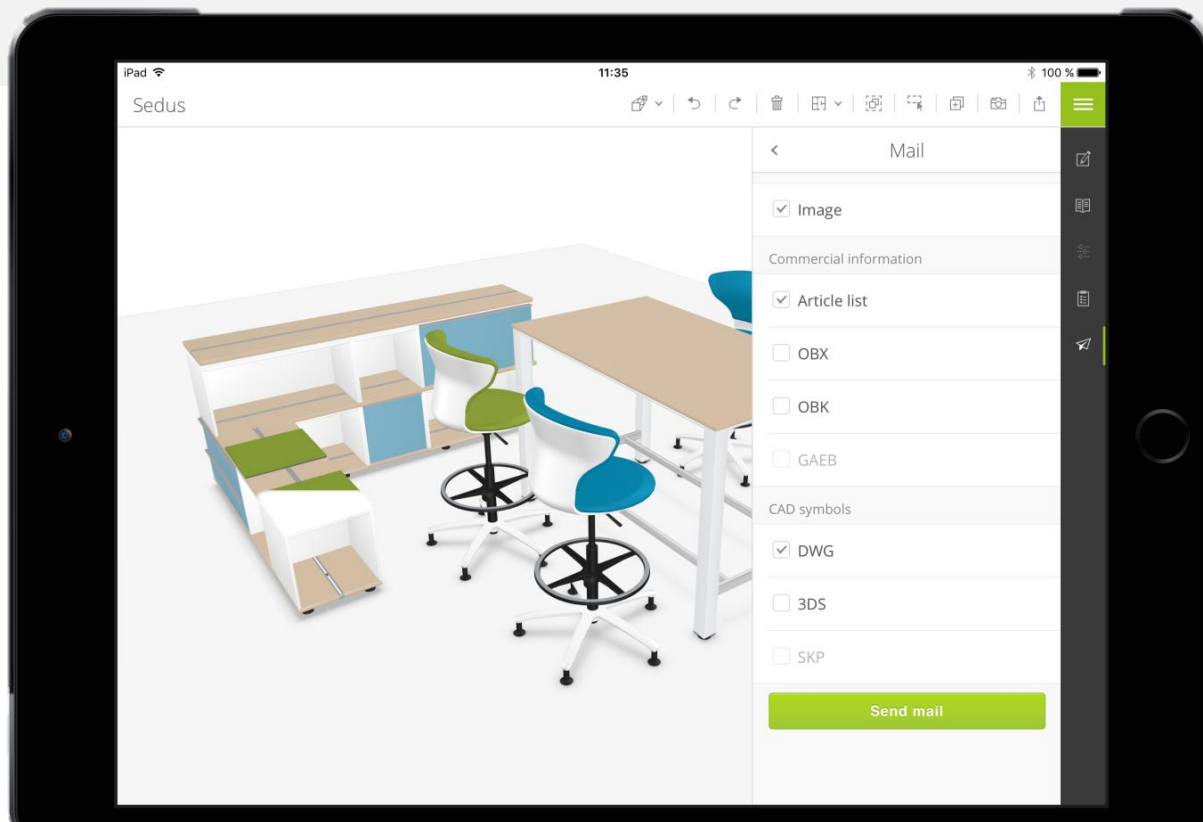

Create Solutions.

Easily plan your configurations and tailor-made product solutions, ensuring they fit and function in any space your customer requires!

Strengthen Sales.

Native sharing allows you to send images, CAD models and article lists, improving communication and accuracy between your sales teams and contractors.

Connect with Clients.

Interactively and collaboratively create custom solutions together with your customers – ensuring the ultimate consultancy experience!

Get the pCon.box today.

Download the pCon.box and take advantage of having all OFML data with you at all times – On the go, or in the office.

More information on the pCon.box can be found at:
